

The Dirty Secret: Christians Murdering Babies

"As Pat plead with him to go up and retrieve his wife, he seemed nervous and said he had to go because he was late for choir practice at his church where his father is the 'minister.'"

During the early Church, Caesar falsely accused Christians of killing babies, Caesar could make that accusation against this generation of Christians and he'd be telling the truth. Now the new Caesar--the government of the majority-- wants people to kill babies and Christians are doing what the government wants...by the millions.

All you have to do to see the proof is listen to the testimonies of those who regularly station themselves outside the places where abortionists slaughter God's children. Huge numbers of Christians are bringing babies there to be killed.

Jim Rudd, director of the Washington, D.C., Christian Street Preachers Alliance and the editor of Covenant News testified in his article, "Christians Murdering Babies," "I have seen thousands of mothers and daughters entering abortion clinics together.Just like the pro-abortion people who will render an account in the Day of Judgment because they supported and passed laws to murder children, Christians involved in the process of supporting and passing laws to murder children will also render an account for the innocent blood they have shed."

Cheryl Sullenger, the Director of the Callifornia Life Coalition, witnesses Christians shedding innocent blood. She reports an incident that occurred on March 22, 2003.

Sullenger said, "...we encountered a couple at the FPA [Family Planning Assoc.] mill on Sixth Ave. in San Diego during our usual sidewalk counseling ministry. The husband rushed his vehicle past us without taking literature and dropped his young wife off at the front door. As he pulled out of the parking lot, Pat White approached him. I was able to listen in on the conversation...He told Pat that the couple had a 2 year old and a 3 month old. The wife felt it was too soon to have another child and he felt things in their family were too financially tight. He had prayed about the situation and was uncomfortable with aborting, but he had left the final decision up to his wife. As Pat plead with him to go up and retrieve his wife, he seemed nervous and told her he had to go because he was late for choir practice at his church where his father is the "minister." He did agree to pull over and "pray about" going in to get his wife. After what must have been an entire 20 seconds of agonizing prayer (not!) he sped off, leaving his child to be tortured and murdered by the Butcher of Hillcrest.

THE HORRIBLE FACTS

A report called "Perspectives on Sexual and Reproductive Health" from the Alan Guttmacher Institute in 2002 provided these chilling facts about the "religious affiliation" of mothers killing children, "The majority of women older than 17 who obtained an abortion reported a religious affiliation. The highest proportion (43%) identified themselves as Protestant. Twenty-seven percent of women having an abortion identified themselves as Catholic, and 8% as a member of another religion; 22% reported no religious affiliation. Thirteen percent identified themselves as "born-again" or evangelical, three-fourths of whom were Protestant ..."

Interpolate those statistics against the 1.3 million babies killed each year in the USA and you will see that literally hundreds of thousands of professing Christians are

butchering God's children each year in the United States of America.

The remainder of this article is taken from Jim Rudd's "Christians Murdering Babies"

He said: "Murder is a crying sin. The innocent blood cries out to God from the ground. Blood calls for blood, the blood of the murdered for the blood of the murderers. When innocent people are

murdered, God not only hears the innocent blood crying out to Him for Justice, He also takes into account all the people responsible for the shedding of that innocent blood so Justice can be administered in the Day of Judgement. Rest assured, every person will face their accuser and every drop of innocent blood will be avenged. (Revelation 6:10; 20:12-15)

God's judgment will include, but not be limited to, every person responsible for the support and passage of laws that specifically allow for the murder of innocent people. To think otherwise is to suggest for example God will not hold Germans accountable who supported and passed Nazi laws that were used to murder innocent people. The Nazi Hunters did not find every German responsible for the Nazi holocaust, but God knows who they are. This also applies to abortion laws that are used to murder innocent children. God knows every person responsible for the support and passage of these murderous laws.

How did we ever get to the place where pro-life Christians are just as responsible and just as guilty of murdering children by abortion as the pro-abortion people? God means what He says when He says "Thou shalt not kill." For Christians to support the passage of laws that specifically allow for the killing of innocent people is in direct and open rebellion against the kingdom of God! For Christians to join in the shedding of innocent blood demonstrates a great "falling away" by Christians who have believed lies perpetrated by people who take on the appearance of religion but are in fact murderous wolves in sheep's clothing.

"Beloved, remember" we are foretold, that these things will happen in the Church. The General Epistle of Jude warns us that "certain men crept in unawares" (v.4), who "have gone in the way of Cain, and ran greedily after the error of Balaam for reward" (v.11). We see these people everyday within the pro-life movement — within the Church! Political special interest groups lying to Christians by calling these murderous laws "pro-life" so they can raise financial support — bringing Christians into murderous bondage! Political partisans, who care more for their political party than they do for the ways of God! The lesson in the Book of Jude is that we are to be watchful against such evil and perverse men springing up in the Church, and when they do, we must contend earnestly for the faith in opposition to those who would corrupt society with such lies.

Now I know that there are many pro-life Christians out there who have never thought about the consequences of supporting the passage of these murderous laws — because you were misled into believing that such laws were "pro-life" and you believed the lie. The good news is that God has provided for you a refuge of hope against the Day of Judgment for your personal involvement in murdering children.

In the Old Testament the LORD commanded Moses to appoint cities of refuge where the slayer may flee, "which killeth any person at unawares" or unwittingly. (Numbers 35: 9-15). Today, Jesus Christ is our City of Refuge. The mercies of salvation, through Christ, prefigured by these cities in the Old Testament, are Christ raised up on the cross; exalted at the right hand of the Father, as Lord and Saviour, to give repentance and remission of sins. Thus Jesus is The Only Refuge from destruction for His people who unwittingly "killeth any person".

All Christians involved in supporting or passing these murderous abortion laws — yet at the time you supported them you honestly

believed you were doing something good — God knows who you are. Cry out for repentance! Turn away from being involved with these murderous laws and flee to Christ. For Jesus has compassion upon ignorant people in His Church, and He knows the hearts of men. Give thanks and praise His Holy name for He knows the hearts of men.END

Yet when God seeks to bless us with the one out of the list called our "heritage" (Psalms 127:3), we balk.

So, like Esau, we despise our inheritance. (Genesis 25:34) We will sell it for a better house or car, or maybe for a "better education" for the other child we already have. Either way, we sell our inheritance for what we think is better - what will bring temporal satisfaction.

It seemed so important to Esau to eat the lentil soup. He needed nourishment, right? Look at what he lost.

All of our plans are so important, too, aren't they? We have killed our children for our plans.

Small wonder we are willing to risk the death of our children. Small wonder we cannot see (or actually sympathize with) the murder of countless Unborn innocents.

Just as we did not see immediate society-wide implications of violence after abortion was legalized, so we do not yet see Church-wide bloodshed.

We don't see the kind of thing that happened in Portland on a regular basis. It is irrelevant whether they were using birth control. The universal acceptance within the Church of sacrificing our children to our own ideas of what our future should look like is sufficient to leave us thinking we can dispense with them.

Are we willing to see the connection? Or will we be content to have blood in our eyes? END
